## \$100 A MONTH INCOME

One share of stock in the Fuller Oil Co. will pay \$100 a month income on the basis of 1,000 barrels production

\$100 buys one fully paid, non-assessable share in this company, capitalized for only \$30,000. Company now owns forty-one and a quarter proven acres in newest oil fields of Texas and Oklahoma.

Holdings consist of \$12,000 lease only 500 feet from 1,500-barrel Adams well and in direct line between 3,000-barrel Burk-Waggoner, 5,000-barrel Texas Chief and other big wells northwest of Burkburnett, Texas.

Also \$2,000 lease offsetting three wells of 50 barrels each and only a little north of 480-barrel Midwest-Gulf "gusher" in shallow field near Chelsea, Okla. Contracts give us first well on each lease without expense.

Commence drilling on Burkburnett lease very soon. Now drilling on Chelsea lease.

SHOULD GET 1,000 BARREL WELL ON BURKBURNETT LEASE AND 50 TO 500-BARREL WELLS ON CHELSEA LEASE

Room for 9 to 17 wells altogether and every shareholder owns a pro rata interest in both leases and all wells drilled.

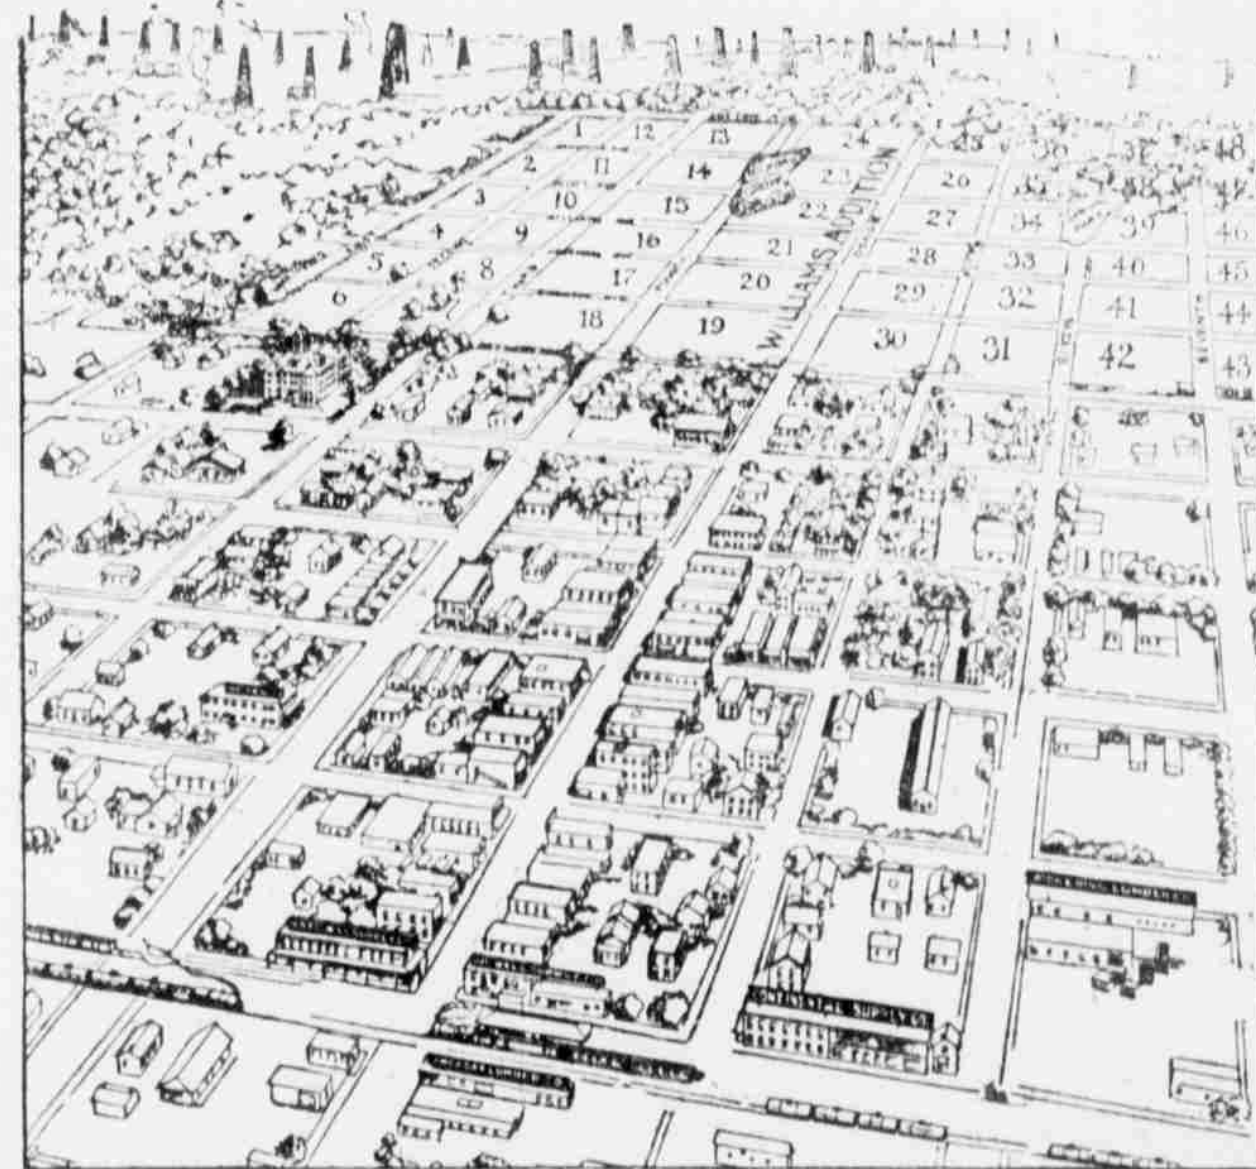

ONLY A FEW UNSOLD SHARES REMAIN. WRITE OR WIRE TODAY MAKING RESERVATIONS AND SEND CHECK AT ONCE

Certificate will be mailed immediately upon receipt of remittance.

BANK REFERENCES FURNISHED

Birdseye view of Wynona showing Williams Addition

# Wynona, Oklahoma

## The Coming Metropolis of the Osage Oil Country

**LOCATION—** Wynona is on the main line of the M. K. & T. railroad from Oklahoma City to Kansas City. Look on the map about ten miles due south of Pawhuska and you will find it on the railroad about midway between Bartlesville and Osage Junction. The train service naturally is excellent.

**GROWING RAPIDLY—** Wynona is the fastest growing town in Oklahoma—a fact that speaks for itself of the prosperity of the place. People are flocking there. The real estate market is very active. There are seven lumber yards. One builder has contracts for nine houses to be put up on this addition as soon as lots can be secured and at least twenty-four houses are now planned. Workers are needed. Even common laborers get \$4 a day of eight hours. A second bank is ready to open. It's a hustling, bustling place with a welcome for all honest folks who want work.

**OIL--AND PLENTY OF IT--** Wynona is in the heart of the great oil country of the Osage nation. Gushers of 500 to 5,000 barrels a day are being brought in. The oil development extends almost to the very doors of the town. There are five big oil well supply houses that have hundreds of thousands of dollars worth of supplies stacked on the ground. Everyone who is in the least familiar with the oil country knows that there always is plenty of money in a good oil town, that business is brisk—in fact that it is a good place to be. Money can be made rapidly by the business man, the mechanic and the laborer, as well as by the oil operator.

The Osage Indians are the wealthiest people on the face of the earth. The last quarterly payment from their oil royalties (handled by the United States government) gave each member of the tribe a little over \$700. It is estimated that the payment for the coming year will be no less than \$5,000 each from the sale of leases alone. The royalty will be in addition. There are about 2,000 members of the Osage tribe.

# BIG LOT SALE

## MONDAY, JULY 14th

**WILLIAMS ADDITION—** As shown in the birdseye view of Wynona, Williams Addition is close up against the town. Note the position of the High School. A \$35,000 church is to be built on five lots in the addition, which have been donated for that use. This addition is a beautiful place to build, with much shade and a fine spring. The 160 acres affords some good business locations as well as ideal residence sites. One thing about Wynona which is of prime importance is the abundant supply of very excellent water.

**BUY FOR INVESTMENT—** We sold the plots of the original Wynona town-site a few years ago. Lots which then cost \$200 now are worth \$5,000 or more. Indications point to a substantial advance in the value of lots in Williams Addition. Thus these lots are a good purchase as an investment. Mr. Williams of the Wynona bank is one of the owners. Your title will be absolutely perfect, as there has been only one transfer since this land left the hands of the U. S. government.

**BUY FOR A HOME—** If not entirely satisfied with the place you live or your job, come to Wynona. It is a town of many opportunities. You will find a welcome here. Lots not only will be sold at auction at reasonable prices—from \$100 up—but the terms of payment will be easy. The sale will be held on Monday, July 14th, rain or shine. Plan to be there and get your pick of these lots. The original town-site of 160 acres is almost built up. There will be an active demand for these new lots. Come. There is no place where you can invest your money to better advantage.

A few active, reliable Agents wanted.
